Mya, Folks,

Another day, another dollar, or something. Write you a long letter yesterday, so actually I haven't a thing to say in this one - but stay with me. I'll fill it up with something. Been getting lots of mail lately - its beginning to catch up to me. Even got one of the packages of I mail I wrote sent me - the one that had the pencil lead in it. - If more aren't on the way, it might be a good idea to send a package of it about once a month or so. - Haven't seen any for distribution in over 2 weeks. so you see how the situation is in regards to I mails!

Got another letter forwarded from B.T.C. from the Calif. Clan. - they told me of one of the sons of Cousin Walter's, who's over here some where. - They gave my ~~name~~ his address - but it means nothing to you - and you know the chances of my running into him over here!

Weather has been a little cooler the past day or two. - We know its just due to the rejuvenation of the winds - but a breathing spell sure is welcome.

A letter from Brother tells me he wasn't at home on his or Janet's birthday - but somewhere in Tenn. - all this traveling for him must indeed be strange - and I can't imagine any worse conditions to do it under. - Some of those railroads he uses are none too good at their best!

Well, I'll write - maybe tomorrow now that I have some I mail to squander! - Until then - be good - and let me take this last time to wish you a
Happy Birthday!

V - MAIL

Love, Frank
