Well, this school we've been running before me, better than when we were always "spending"! I guess maybe, too, being classified as an (ahem) "affiliated" man, has something to do with it! I never can tell. - tho at this rate, we will all be ready for next campaign no time.

Had my first roll of film developed and small prints made the other day. - Most of them are pretty good and I think probably practically all can be sent to you. - I'll enclose the little, by little, along with the negatives and you can have some bigger ones made up - and, some, you can send me back. Not but one picture on the roll is of me, explicitly, but the second roll, that I took at next camp is almost finished and I made it a point to have some of just me on that! Can't guarantee as to the quality of the subject matter, tho.

Got your V-mail telling me that you were starting out for Lynchburg. Also one from Brother saying you were expected, and one from Fred saying you had left New Orleans, D.C. Know you must have really enjoyed yourselves, and they having you! But even Matilda was glad for the airing and chance to get out on the road! Hope she behaved herself for you! - Just got back from the movie where we saw "Charles August" - good, but the night are getting a bit cooler! - What!
